RE: Fall Athletic Programs

It has been an unusual few months, to be sure! However, as plans continue to unfold and restrictions both from the state and more locally are scaled back, we are proceeding ahead with an eye toward the fall. Know that these plans are current as of this note and may indeed evolve further as we arrive in August. Also, know that we are awaiting the release our own Canterbury School Pandemic Committee's recommendations for campus procedures later this month and will incorporate those as we begin activities. In the meantime, please make note of the following:

1. Fall practice opportunities will begin on the first date allowable by IHSAA by-laws, namely **Monday, August 3**. Athletes must be present for 10 practices (one per day) prior to being eligible for a contest in that sport (Exception: Girls' Golf requirement is 2 practices)
2. Due to circumstances this year, the IHSAA has waived the requirement for all athletes to acquire a new physical. Therefore, if you had a valid IHSAA physical for the 2019-20 school year on file you do NOT need to acquire a complete new physical for 2020-21. You DO need to complete the IHSAA Health History update form and submit to the Athletics Office. In addition, the online forms for concussion awareness and sudden cardiac arrest must be completed by student and parent prior to participation.

***NOTE: Many pediatricians recommend an annual wellness check for teens for other medical and care concerns. Please make the decision that is right for you regarding the IHSAA waiver.

3. **No one may practice** or compete without completion and return of these necessary forms. ***NOTE: Forms are available online at www.canterburyschool.org – Click on the Athletics link, in the high school main office or the high school athletic office. All completed forms must be returned to the high school **Athletic Office** prior to participation.
4. Questions or individual circumstances regarding participation on a team should be directed to the appropriate head coach listed for each sport. Be sure the coach has your name and contact information so they can get any specific team information to you. Do not take for granted that a coach knows your individual circumstances without direct contact!

5. Canterbury High School Fall Sport Head Coaches:

<u>SPORT</u>	<u>Head Coach</u>	<u>Phone:</u>
BOYS SOCCER:	Greg Mauch-----	625-3006
GIRLS SOCCER:	Jen Crandal-----	417-4582
