Although summer is just arriving, nonetheless it is time to begin planning for next school year and for fall athletics in particular. A few reminders are therefore in order:

1. Fall practice opportunities for most teams will begin on the first date allowable by IHSAA by-laws, namely **Monday, August 1**. Athletes must plan to be present for 10 practices (one per day) prior to being eligible for a contest in that sport (Exception: Girls' Golf requirement is 2 practices)

Monday, August 8, will be the mandatory date to attend practices for all, without prior exception. However, please note earlier attendance is necessary for athletes to get the IHSAA minimum 10 practices to be eligible for any early contests the week of August 15. Please check specific sport schedule on EventLink, or consult directly with the head coach for game dates or special plans.

Prior to classes starting, on August 24, teams practice daily Monday-Friday, (Saturdays will be announced by team coaches) according to the following time schedule:
