

# Author Visit and Book Sale

## Canterbury Early Childhood, Lower & Middle School Divisions

On Oct. 1 and 2, 2018, author Lola Schaefer will visit with Canterbury Early Childhood, Lower and Middle School (Grades 5-6 only) students about reading, writing and creative thinking! Lola has published more than 280 children's books, several of which have earned critical recognition. In honor of her visit, the Canterbury School Libraries are hosting a pre-sale of her books listed below. Lola will sign books during her visit, and they will be delivered to students following her visit.

### PICTURE BOOKS

#### Because of an Acorn

Enchanting illustrations show vital connections between the layers of an ecosystem in this book. Wander down the forest path to learn how every tree, flower and animal connect in spiraling circles of life.

#### Lifetime: The Amazing Numbers in Animal Lives

This book collects animal information, including 30 woodpecker roosting holes, 200 giraffe spots and 1,000 baby seahorses in eye-catching illustrations.

#### Pick, Pull, Snap! Where Once a Flower Bloomed

A honey bee buzzes, a small green fruit begins to grow, and peaches, peas and peanuts begin with a single flower. How? Open this book and find out!

#### Run for Your Life!

#### Predators and Prey on the African Savanna

Animals swoop, sprint and pounce to get food, and they scamper, scramble and stampede to escape. See how fast the animals in this book can go!

#### This is the Sunflower

First there is a sunflower, then a patch of sunflowers. Young gardeners will discover that what makes this happen is not magic – but is most definitely magical.

#### What's Up, What's Down?

Come along on a journey that invites you to see the world from many different perspectives.

#### Frankie Stein

Frankie Stein looks nothing like his parents – they're scary-looking, but he's cute. But he does end up being scary in his own way!

#### Frankie Stein Starts School

Frankie Stein doesn't look like the spooky-looking kids at school. But Frankie wins them over, showing that popularity depends on more than how you look.

#### Happy Halloween Mittens

Nick is getting ready for Halloween, and Mittens wants to help. The only thing he seems to be good at is making a mess – until Mittens finds his own way to contribute to the special night's spooky good fun.
